BEING FOR CARMEL OR AGAINST CARMEL

Much of this talk about any person or concern being against all the fine traditions of Carmel depends largely on the viewpoint of the person making the charges and is based to a great extent on whose ox is being gored at the moment.

There is a definite movement in Carmel to see what can be done about mail delivery and it is a movement that is growing in strength and will not be downed by anyone shouting "shame on you, you are against Carmel."

The Sun is not behind the movement but some hundreds of taxpayers are and they are influential enough to make their demands of some consequence. The Sun sees no point whatever in objecting to convenience and no point whatever in maintainig that the post office is a Carmel institution of fine tradition. No one is going to stay away from Carmel because their mail is delivered and the houses numbered and no one is going to come to Carmel because it has a postoffice where they must fight their way through dogs and patrons to get their mail. Every town has a postoffice much the same as Carmel's. It is the beauty and climate that make Carmel a desirable place. Its claims for uniqueness lie almost wholly within scenic and climatic charm.

The Sun would not change any of the fundamental things of Carmel. It has steadfastly fought for these things and it is a notable fact that the Sun is the only paper that has ever opposed the sale of liquor in Carmel in DIRECT VIOLATION of the basic principal laid down by Mr. Devendorf and incorporated in most of Carmel's deeds. And it is this flagrant law violation in selling liquor in Carmel that is doing more to undermine and kill some of the finest things about Carmel than all other things combined and increasing sale of liquor in Carmel, if continued will eventually modernize it and make it one of those wringing wet, cheap, tawdry, wide open beach towns.

THE FREE PRESS IS STILL FREE

Out of all the messy regulations affecting business in general the fact that the American press is still a free agency is one thing that is a credit to the press and service to the public. Insinuation that the editorial policies of newspapers are determined by its advertisers is rather absurd. Few papers are influenced very greatly in a real show-down by advertisers. One particular reason that refutes such a silly argument is that any paper is among friends in any major controversial issue. No matter what side a newspaper is on, the business of those favorable to the proposition is worth just about as much as that lost from the opposing faction.

BETWEEN THE DEVIL AND THE DEEP BLU ESEA

General Hugh Johnson, colorful figure in the spectacular flight of the Blue Eagle and NRA is definitely OUT of the NRA set up. The characteristic that put him in the limelight, a gifted tongue, was probably the cause of his downfall. His statements made him unpopular with BOTH the labor element and the employers. Simmered down into one of Mr. Johnson's own phrases he "cracked down" too much on too many people. He threatened business and he threatened labor with the result that eventually no one knew where they were going. Business managed to get along and even improve in some lines IN SPITE of restrictions but constant changes and uncertainties in NRA policy and the threat that SOMETHING, and NO ONE able to say what, in the NRA was going to be made permanent has wrecked Mr. Johnson and along with him the entire structure of the NRA.

SERA GRAFT SHOULD WARN SINCLAIR

Increasing charges of graft, mismanagement, etc., under the SERA program in the state should serve as a warning to Sinclair that his utopian EPIC program providing a heaven on earth for everyone is going to be mighty hard to enforce using ORDINARY human beings to bring it about. Relief graft forms a large part of the day's news, in SERA and in Federal activities and already it has been necessary in Sinclair organizations to kick out certain individuals for feathering their own nests out of funds intended for organization purposes. These grafts, small at present will increase in size and number as Mr. Sinclair's budgets become larger. Human nature is about the same whether EPIC or Democratic or what have you.

COLLISION AT EIGHTH AND DOLORES TODAY

The second accident at Dolores and Eighth this week occurred about one o'clock today, Thursday, a car driven by Mrs. George Slocum colliding with one driven by Miss Elizabeth Goldbeck of Los Angeles.

The frame of the body of the Slocum car appeared to be bent and the bumper and fender were dented. The Goldbeck car had a broken running board and the engine also seemed to be damaged.

Mrs. Slocum was passing a car at the intersection, according to witnesses, and was headed south on Dolores. Miss Goldbeck was approaching the intersection from Eighth. Mrs. Slocum was accompanied by her sister-in-law, who told a Sun reporter the accident had caused her to miss her train.

MERLE'S TREASURE SETS DEFINITE CLOSING DAY

October 4th has been set as the definite closing date of Merle's Treasurer Chest, one of Carmel's best known shops. Due to Major Hairs' illness the past week, from which he has recovered, and to a demand from the public that the shop remain open for a few days after the first, the closing date was changed from Sept. 29 to the following Thursday.

New reduced prices are offered on many lovely articles for the last few days before closing.

Carmel people and Major and Mrs. Hairs themselves hope that the Chest will be revived some time after the proprietors have had their much needed rest. In fact, the shop is only "closing" and not "quitting business."

MRS. GUTH'S BROTHER KILLED IN ACCIDENT

Word was received by Mrs. Charles Guth Sunday that her brother had been killed in a traffic accident in Los Angeles. Mr. and Mrs. Guth left immediately for that city and have not yet returned.

Mrs. C. A. Bodwell, a sister-in-law, and Mrs. Clara Hangar, a friend, both from Petaluma, have returned to their homes after visiting with Mrs. Charlotte Morgan on Lincoln at Surf Echoes.

RED CROSS HAS BEEN BUSY ORGANIZATION

Since the Red Cross opened an office in charge of a trained case worker in December, 1932, 137 cases have been handled by the local organization and every sort of assistance given through cooperation with the county welfare board, the federal transient service and all local authorities, including police, judge, schools and free clinic. Correspondence has been carried on with many agencies in other counties and states as well as in France and Scotland.

The worker went to Sunset School each morning at 10:00 a. m. and checked the attendance and reports. Every child out three consecutive days, the cause for which was unknown, was called upon and service was given through medicine, doctors, county nurse, truant officer, or suggestions.

All children applying for free lunches or clothing were checked by worker and when not already known the families were visited.

The worker escorted a truant child home from school each day for months, and emergency service was provided for principal O. W. Bardarson at all times.

With the aid of the Free Clinic the children on Tortilla Flats were bathed every week. Enthusiasm for hot baths grew until eight youngsters were being washed every Saturday morning, some of them coming of their own volition on Tuesdays also. The Red Cross supplied the clothing, taking soiled garments to the landry. The worker also supervised the cleaning and reroofing of the sleeping quarters, sprayed the place with carbolic acid once a week and changed all the bedding and sleeping-garments weekly. Scabies and Impetigo were entirely eradicated from Sunset School through these efforts.

Forty-five other children were given service through the clinic and all follow-up work was done by the Red Cross worker.

The Red Cross through close co-operation with Mrs. Hayford's employment bureau has placed many people in various kinds of work.

Through an intimate knowledge of the affairs of the Peninsula and its people, it has been possible to give suggestions and advice that have helped solve various problems.

The Red Cross has paid out more than $200 per month in direct relief for groceries, water and light bills and occasional rent, as well as supplying many garments, both new and old.

There is nothing Red Cross won't make an effort at solving, but nothing could have been accomplished without the wholehearted cooperation of every one called upon.

POPULAR CARMEL COUPLE WED AT DEL MONTE

In the beautiful setting of the Del Monte chapel, Monday morning at ten o'clock, Frances Bell became the bride of Herbert McGuckin in the presence of a few relatives and friends.

The bride's sister, Mrs. Harry Hilbert, acted as matron of honor and Mr. Albert McCuistion was best man.

After the ceremony, the happy couple left for a three weeks' honeymoon trip, and will then return to Carmel where they will reside in Carmel Woods.

Both young people are popular and have hosts of friends who wish them every good thing in life.

Mrs. Ella S. Goddard, who was a qualified representative to the 75th anniversary of the Equitable Life Insurance company of the United States, held in New York at the Hotel Waldorf-Astoria, returned home Sunday. While away, Mrs. Goddard enjoyed a motor trip trough New England, attended the World's Fair and was entertained by relatives in Indiana, Illinois and Denver. She said Carmel was more attractive than any place she had visited.

RESTORER OF MASTERS ENJOYS VISIT HERE

After a most pleasant stay in Carmel, during which time she has enjoyed many delightful hours with her old friend, Edda Maxwell Heath, Miss Eleanor Whittlesey Kotz of New York will leave for home October 4. Miss Kotz is a restorer of old masters and for several years worked in that capacity in the Metropolitan Museum. She has visited in many interesting galleries in the west and owns several old masters. Miss Kotz is a daughter of the late Daniel Kotz, famous landscape painter, who passed away about a year ago.

"I feel I have something in common with Carmel," said Miss Kotz, "since I restore pictures and Carmel restores health." Miss Kotz feels very much rested and improved in health since coming here. In speaking of restoration of pictures, Miss Heath, who was with Miss Kotz, stated that she had seen "Blue Boy" before it was restored and since, and that when she first saw the picture it was grey and she wondered how it could have been called "blue."

ALL SAINTS GUILD TO GIVE EXHIBITION

All Saints Parish Guild is nothing if not enterprising. They announce an exhibition which they call an "Ancient and Modern Exhibition" to include antiques, historical and otherwise. Valuable heirlooms, antique and modern quilts, choice needlecraft of all descriptions, paintings and pottery, jewelry and china. Rare and valuable books and collections of old coins to be held on Friday, Oct. 5th at All Saint's Parish House, Monte Verde, between the hours of two and eight p. m. An admission of 25 cents will be charged which includes refreshments.

CARMEL MUSIC SOCIETY BOOKINGS CONTINUED

At a meeting of the Carmel Music Society in the home of Mrs. James Parker on Monday evening last, plans for the 1934-1935 Winter Series were completed. The four concerts will be as follows:

Oct. 29 Don Cossack Male Chorus.

Feb. 2 Josef Hoffman, world famous pianist.

Feb. 15 Igor Stravisky, composer-pianist, and Aleander Dushkin, famous violinist, in joint recital.

Mar. 23 Budapest String Quartet.

BONHAM IN CRASH; NOT MUCH DAMAGE

An accident which might easily have proved disastrous, but in which fortunately no one was injured occurred Wednesday afternoon about 2:30 when a car driven by Ed. Pettiford, colored, hit the rear end of a car driven by R. E. Bonham at the intersection of Dolores and Eighth.

The Bonham car was reversed by the impact and turned completely upside down. The Pettiford car was not damaged.

Mr. Bonham, fearing fire, broke a window and made his escape in one second flat. His hand and wrist were cut on the glass. The top of the car was badly torn but the machine was driven away under its own power.

SUNSET STUDENT BODY ELECTS OFFICERS

The officers elected for the Student Body association of Sunset school for the coming term are as follows: Homer Levinson, president; Bob Farley, vice-president; Lee Van Atta, Business Manager. Another vote will be taken for Secretary on Thursday, September 27 since none of the four candidates voted on received a majority.

DENNY-WATROUS GALLERY WILL RE-OPEN OCT. 7

After more than a month of being closed for alterations and decorations in its new building on San Carlos just off of Ocean avenue, formerly known as the Manzanita theatre, Denny-Watrous Gallery will reopen with a Special Variety Show and Olio by the San Francisco Palace Hotel Drunkard company on Sunday, October 7.

Due to the fact that they do not play in San Francisco on Sundays, the members of the Drunkard Company are free to come down and give a riotous, hilarious opening of the Denny-Watrous Gallery. Present in person will be San Francisco's darling, Peggy Converse, who will start the fun with her inimitable "Tavern in the Town," which will at once bring the whole audience into the Show.

Then will follow Connie Clampett and Nestor Paiva in the "Bicycle Built for Two", song hit. This hazardous bit of screaming comedy was scheduled when the Drunkard company played in the Gallery during the strike, but had to be cancelled on account of the lack of a bicycle. This time the bicycle is coming down from Los Gatos by special car, and the delicious act will go on.

Then will appear that famous Vaudeville pair, Rice and Cady, who have a number of surprise features, specially made for Carmel and the Gallery opening.

Peggy Converse and Connie Clampett then give their latest Song-Hit, just added to the Drunkard Olio, "By the Sea" or the "Bathing Suit Act."

One of the surprises of the evening comes next, the revival of one of the most popular in its day of the silent films, "East Lynne," with a famous cast. Since the Manzanita theatre, now the location of the Denny-Watrous Gallery, was the first Movie House in Carmel, it is very fitting that the Gallery should open in its new location with a revival of one of these old films.

Climax of the program, after "East Lynne," will be the Olio, with Neely Edwards of the Drunkard company as Master of Ceremonies, when everyone will sing the old songs, finally going home to "Goodnight Ladies."

In order to accomodate the crowd, the Gallery announces two shows, from seven to nine and nine to eleven. It is hoped that all the original "Manzanita fans" will be in their regular seats as they used to be twenty years ago.

MISSION GUILD WILL HOLD CARD PARTY

When the Old Mission Guild give their card party the second Tuesday in October, they will make a departure from their usual procedure and have tables for whist, contract and autction, thus giving each person a chance to play his favorite game.

The party will be held the evening of the ninth. The committee comprises Mrs. Neil Twilegar, Mrs. Stoney and Mrs. Mildred Melrose.

JACK KUNSTMAN ARRESTED ON LICENSE CHARGE

Friends of Jack Kunstman, former manager of the Carmel theatre, will be sorry to learn that he has run afoul of the law in that he is accused of failing to take out a license on a night club he was operating in San Mateo county. He was released on $500 bail and his trial will be held soon.

Mr. Kunstman was popular with Carmel people who hope he will be able to give a good account of himself.

Miss Margaret Swedburg and her father, who started out two weeks ago to visit Ensenada, Mexico, gave up a portion of their trip on learning that the roads at the Mexico end were in deplorable shape. They stopped in San Diego and had a very enjoyable vacation however.

FIRE DEPARTMENT FIGHTS FLAMES AND BULLETS

If you smelled smoke in the wee small hours of the morning and went to investigate and heard guns being shot off inside a closet and were forced back by the acrid fumes of powder, what would you do?

That's just what Curly Gallant did, too. He got out of that house.

Curley likes to hunt and had his firearms and shells stored in a large closet, along with a can of powder. From some mysterious source, spontaneous combustion possibly, fire broke out in the closet and the barrage of bullets set in.

When the fire department arrived, they were hampered by conditions but crawled along the floor with a small hose and stopped the blaze. It is estimated that damage to the furniture and house amounts to about $1,000.

Mrs. Gallant and her two children, one only a few weeks old, were away visiting relatives and with the exception of the clothes they had with them, lost their entire wardrobes. All the new paraphernalia which had been bought for the baby was destroyed.

The house belonged to Mrs. McGarraugh and is reporetd as partially covered by insurance.

TRAFFIC VIOLATIONS KEEP COURT BUSY

Speeding, driving without due caution, parking near fire hydrants, etc., have caused motorists to be haled into court during the past week.

Charles Buttermore who was arrested some time ago appeared in police court Wednesday and the charge against him was reduced to reckless driving. His case will be heard by a jury, October 12.

After several warnings, Marie Hathaway Short was cited for speeding for which she was assessed $13. in police court Wednesday. Mrs. Short failed to appear for her first date and came in on a bench warrant.

Fred Lee of Redwood City has failed so far to answer to a charge of speeding. In such cases the vehicle department is notified and the accused can not get a license until the charge is cleared.

Miss Carola Tuticum was cited for driving without due caution and paid a fine of $2.50.

On the 23rd, Mary D. Orrick of San Francisco and Pebble Beach was cited for parking too close to a fire hydrant. She is to appear the 28th.

Alfred Soyer will appear the 28th to answer to a charge of speeding and ignoring a stop sign.

Gwendolyn M. Stearn appeared Thursday morning and paid a fine of $6.50 for speeding and driving without an operator's license.

MERRIAM HEADQUARTERS IS VERY BUSY PLACE

You are advised to watch Merriam headquarters on Dolores street for announcement of the speaking campaign to be carried on here for the governorship.

"The speaking campaign will begin next week," said Helen Rosencrans, president, "and we promise some worthwhile talks."

Workers are busy all week calling up voters to find out whether they were registered and many were sent scurrying to the registration places to see that their names are writen there.

Miss Marion Minges will leave Friday for Hollister and from there will go to Chicago with her sister and brother-in-law, Dr. and Mrs. Hull to attend the fair.

Miss California Andrews and sister will spend the week-end with relatives in San Francisco. Miss California will go to market for pretty things for Lavendar and Lace.

HIGH TRIBUTE PAID TO LATE MRS. ASHLEY

High tribute is paid by many loving friends to the memory of Genevieve Stebbins Astley, who passed away at her home here last week on North Monte Verde.

Mrs. Astley, a lover of art and beauty and all that pertained to them, lived a very quiet life, but her friends sought her out, for they always left feeling refreshed and that life was worth while. Truly, she was a lovely character revered by all.

Mrs. Astley, 79 years old at the time of her death, was an early exponent of classical dancing in the United States, having preceded Isador Duncan in that work, she having been in charge of a large school in New York in the eighties.

The remains were shipped to Santa Cruz for cremation Monday.

Born in San Francisco, she had many interesting stories of the early days of that city and going on to New York to study as a young girl she was also a fund of information of the old days in that city. When she went abroad she studied the statuary made by the artists for in them she saw real grace.

As Genevive Stebbins she reached the height of her career before her marriage, and achieved fame through two books she wrote on "Society Gymnastics and Voice Culture."

The following from a poem written by Edith M. Thomas as a tribute to Genevieve Stebbins is taken from one of her programs in 1893.

TO GENEVIEVE STEBBINS

Carve me that Music featly
Each flowing form that resides in it,
Each Protean beauty that hides in it,
Fashion them forth completely—
Carve them out sweetly.

Paint me that Music divinely
Every opulent tint of it,
Every fugitive glint of it,
To whitness fading out finely—
Paint them benignly,

Benignly the old Time advancing
Every Muse and Grace of it,
Each Arcadian face of it,
Evoked by this Art entrancing,
Lives in your DANCING.

MERCED MAN KILLED IN BIG SUR ACCIDENT

When the car in which he was riding plunged from the old coast road Sunday night, George Turner, 53, of Merced received injuries which resulted in his death early Monday morning.

The car was driven by Arthur Turner, son of the victim and with whom he had been visiting. Carl Overdale, a neighbor, was also an occupant of the car, but escaped with minor injuries as did the driver.

The Freeman mortuary was given charge of the remains which were shipped to Merced for burial. Turner's widow, two sons and a daughter live in that city.

OPERA ASSOCIATION TO ENTERTAIN HERE SOON

Carmel people will be delighted to learn that the Monterey Peninsula Opera association is now busily engaged in rehearsal of "The Yeoman of the Guard," to be presented from the 8 th to 11th of October, inclusive.

The performance of "Patience" put on by the group last year is still spoken of with pleasure, it having been one of the most successful entertainments given here for some time.

"The Yeoman of the Guard" another Gilbert & Sullivan production promises to be even better.

With Arthur Gunderson as director and a cast of sixty, all working because they like it, the affair is bound to succeed.

Mr. Gunderson informs the Sun that there is room for a few more to take part and he will be glad to interview all applicants.

TROOP 86 BOY SCOUTS PLAN FATHER, SON, FEED

There were twenty scouts present for the September 21st meeting of Troop 86, Scoutmaster ohn Neikirk announced the program for the Father and Son banquet and asked the patrols to volunteer for various tasks. The troop then divided up into patrol groups to discuss and work out stunts to be given at the banquet.

On reassembling as a troop, one of the committeemen, Dr. Dorsett told the troop about the plans for the cub-scout pack now being organized in Carmel. Since some of the older scouts are to be asked to serve as den chiefs for the younger boys' organization, and all of the cubs too will later become scouts, all were interested in hearing about cubbing.

The best good turn of the week was done by Harrison Foster, who rescued a cat from a tree. His pal Ralph Lee helped boost him up the tree. Ralph is rather light for this task but the tree was climbed and the cat rescued so every one was happy.

The troop played their regular game of beckon and assembled for the closing ceremony.

MEASURES TO CURB CRIME ON NOV. BALLOT

Crime in California will be definitely curbed if the four initiative constitutional amendments, designed to improve judicial procedure and provide swifter and more certain justice in criminal cases, are enacted into law at the November election, according to an announcement made by the Calfiornia Committee on Better Administration of Law.

These measures now known as Initiative Constitutional Amendments Nos. 3, 4, 5 and 6 have been endorsed by such groups as the American Legion, Department of California, the Executive board of the California Federation of Women's Clubs, California League of Women Voters, the Committee on Administration of Justice of the State Bar Association, the San Jose group, representatives of the press of California, and many State and civic officials, with the California State Chamber of Commerce acting as the coordinating body.

The four Initiative Constitutional amendments are intended to accomplish the following improvements:

No. 3. By making the positions or certain classifications of judges selective, subject to confirmation by a commission on qualifications and by direct vote of the people, it is intended to remove these judges from the necessity of political activity so they may devote their entire time to duties of the bench.

No. 4. This amendment would give the Attorney General supervision over all sheriffs and district attorneys, where necessary, and charge him with the duty of seeing that the laws are uniformly enforced throughout the state.

No. 5 Enlarge the powers of the judge so that he may participate in the hearing to the extent of enlightening the jury, and may comment on the refusal of the defendant to explain or deny any evidence of facts in the case against him, a practice now prevailing in the Federal courts.

No. 6 Permit the accused in a felony case to plead guilty when he is first brought into court before the committing magistrate instead of compelling him, as is the present law, to wait as long as two months before he reaches the Superior Court in order to make his plea. This would eliminate red-tape and great expense to the taxpayers. This amendment will not apply where the offense is punishable by death, or where the accused is not represented by council.

WEAK VALVE SPRINGS

Valve springs which have been in use for several thousand miles have a tendency to weaken, due mainly to excessive heat, according to the Emergency Road service of the California State Automobile Association. A weak spring will not close the valve quickly at high speed and motor performance is affected. Valve springs should always be checked carefully when valves are ground and weak springs should be replaced with new ones.

SCHOOL NOTES

At the teachers' meeting Tuesday noon the following topics were covered briefly: The Circulating library in room 7a and plans for the distribution of books by Anna Uzzell. How to Use the Office Library, Anna Kohner. Student Body Plans, possible activities, by Frances Johnson, faculty advisor.

Red Cross membership was discussed by Althea Kendall. Sunset Glow by R. J. Gale; Assembly Programs by O. W. Bardarson.

For the first time in the history of the Sunset School a circulating school library is being organized for the benefit of pupils and teachers. Ann Uzzell pointed out how the library could most effectively serve the school. The office library will be reserved for reference works, periodicals, and teachers' professional reading matter. The student body election is creating great interest. Frances Johnson called for suggestions in furthering student body activities.

Mr. Gale stated that the Sunset Glow staff planned to publish four issues devoted to literary subjects, poetry, essays and descriptive articles. Mr. Bardarson discussed the importance of the assembly periods and set forth the following brief summarization. "The assembly period provides a medium through which we may unify the school in undertaking to promote and to carry out worth-while endeavors, in strengthening morale, motivating classroom work, and in creating a desire for and appreciation of that which is fine and wholesome in art, music and drama. The assembly programs provide an opportunity for individual pupils to acquire poise, to develop in self-expression, and to improve their diction. The audience should be the chief beneficiary in gaining something of inspirational and educational value. The assembly programs are planned for the year to enable each class to present some phase of work, acitvity or drama. In planning their programs the teachers were urged to keep in mind the following objectives:

1 The program should have intrinsic value. Be instructive and inspirational.

2. It should be marked by simplicity. The action should not be confusing. The speech of the children should be clear and interpretative.

3. The production should be natural, balanced and artistic.

4. We are trying to avoid the extrinsic or 'common' type of production. In so far as is possible each grade should contrbute equally to the general assembly program.

The following suggestions are offered for Student Body assemblies. (a) Advisory or classroom teachers to present assembly objectives to the pupils so that they will have a thorough understanding of the high standards necessary to make the assemblies valuable.

(b) Student Body officers should be coached in parliamentary procedure. Plan of program should be carefully worked out and well in hand. Timing should be good. Talks should be carefully planned and prepared. Talks on assembly objectives and conduct could be given by the pupils. The morale should be so good that proper attention can be secured immediately. The programs in general should provide pupil participation, be well timed, inspirational and educational to the audience.

Student Body Election

Date: September 26, 1934.

Polling places: Sunset School Lunch Room. 8:20, 8:55 a. m., 10:20-10:35 a. m.; 12:20 to 12:55 noon. 3:30-4:00 p. m. Pupils in grades are eligible to vote.

Candidates for Student Body Offices

President: Homer Levinson, Edgar Leslie, Devoe Briggs.

Vice-president: Bob Farley, Max Hagemeyer.

Secretary: Jane Millis, Jane Ellen Parker, Roe Marie Mattimore, Kathryn Hamm.

Business manager: Hugh Smith and Lee Van Atta.

Basketball

Intramural competition in basketball and baseball proved so popular during the past school year that Mr. Bardarson decided to organize intramural competition at the start of the school year. Touchtackle was selected as the most popular sport for the fall season and all boys in grades four to eight were invited to participate. Enough players for five teams signed up. Each team is allowed eight players and may carry three substitutes. The following rules form the basis of the touchtackle competition:

1. The main objective of the league is to provide wholesome competition and to develop a spirit of good sportsmanship.

The captains are held fully responsible for their respective teams. The captains are to call and supervise practices. to see that the players are lined up and ready to play at the time set. To instruct and encourage players in practice and during games.

The captain is the only player allowed to question the umpire in regard to a decision.

3. Each team will be allowed eight regular players and three substitutes.

4. If a team does not have at least five players on the field the game will be forfeited to the team with the required number of players.

5. Regular rules of football will be followed, except that tackling and unnecessary roughness will not be allowed.

6 Penalty for unsportsmanlike conduct: Offending team loses half the distance to their goal line.

Line-up of Teams

HUSKIES. Harry Butts, Captain. Allan Wood, Danny Villapando, Freddie Marshall, Jerry Neikirk, George Crossman, Jimmy Thoburn, Adrian Harbolt.

INDIANS. Frank Hayford, captain. Jimmy Rand, Bob Farley, Max Hagemeyer, Monty Stearns, Milton McLaren, Tom Brown, Charles Hellam.

BEARS. Jack Pelton, captain. Bill Short, Pat Crichton, John Tait, Homer Levinson, Frank Ross, Gerald Ray, George DeAmaral.

TROJANS. Billy Frolli, captain. Joe McEldowney, Emory Nielson, Ronald Dorsett, Edgar Leslie, Dick Crossman, Bobby Mayes, Jimmy Kelsey.

GAELS. Maya Miyamoto, captain, Victor Candia, Alex Mayes, Laurence Leidig, Bob Schauffler, Art Strassburger, Bob Frolli, Paul Warrington.

Substitutes: Fred McIndoe, Jimmy Muscutt, Gordon Ewig, Eugene LaRhier, Emil Villapando.

In the first game of the season the Gaels defeated the Indian 6-0 when in the closing minutes of play Captain Miyamoto broke through the field for a touchdown.

In a thrilling game featured by the interception of a forward pass and touchdown by Edgar Leslie and the alert play of Capt. Billy Frolli the Trojans vanquished the bears 13-0 in the Friday game. The coming contest between the Huskies, captained by Harry Butts, and the Gaels, is expected to be very close. The players are tremendously interested in the touchtackle league and the spectators have enjoyed the games. Parents and friends of the school are invited to attend these games which will be played at 4:00 p.m. on Tuesdays and Thursdays.

Mr. Calley, Mr. Hockabout and Mrs. Rinehart have acted as officials.

BAY AREA COUNCIL BOY SCOUT NEWS

Boy Scouts and leaders of the Monetrey Bay Area council, Boy Scouts of America, will congregate at Santa Cruz Saturday afternoon, September 29, for their first annual scout pageant, it was announced today by T. B. Hawkins, council scout commissioner.

The program has been divided into four parts, part 1, secret, the nature of which will be disclosed when troops report. Part 2, troop demonstrations of the beach. Part 3, Swimming meet. Part 4, Fun on concessions. Troops will meet at County Court House, Santa Cruz, at 1:30 p.m., where they will be given directions for the remainder of the day. The public is invited to witness all four parts of the program.

The pageant, Hawkins explained, is in line with the local area council's policy to provide several major scout activities on a three-county wide basis during the year, in addition to individual troop activities.

The Adult Class in General Art with Mrs. Charlotte Morgan, instructor, having had excellent enrollment, has been given an extra evening and will meet both Tuesdays and Thursdays at 7:30 at Sunset grammar school.

Diplomacy

You look strong enough to work and earn your living.

I know madam, and you are beautiful enough to be on the stage, but you evidently prefer the simple life.

He got a square meal without further reference to work.

LET ME DRIVE YOU FOR A CHANGE!

I'll drive you there and back for 2¢ a mile and less. I'll give you a fast, safe ride on *steel rails*. They're smoother than any highway. Here are some examples of our "coach-tourist" fares—good in coaches; also in tourist Pullmans to places where these cars are operated.

To	One Way	Roundtrip
SAN FRANCISCO	$2.47	$4.44
SAN JOSE	$1.54	$2.76
SANTA BARBARA	$5.54	$9.96
LOS ANGELES	$7.64	$13.74

Similar fares to all points, in effect all the time. Fares good in standard Pullmans slightly higher.

To Women Who Hate Sewing

IT should be second nature to have the best possible kind of lighting in the home. Where women sew—and what woman does not have some darning or mending to do?—good light should aid her work. If the light she works by is insufficient, eyes are sure to complain, nervous headaches begin and the hated sewing is put aside.

Eye specialists are constantly warning us to conserve our eyesight and nervous systems. Research shows that 23% of young people under 20 years, 39% under 30 years, and 75% over 50 years of age are victims of defective vision. Eye specialists recognize too, the value of a Sight Meter as a scientific means of testing lighting conditions.

For expert assistance in improving your home lighting, see your local electric dealer, or for an accurate check-up on your lighting with the Sight Meter ask for our free Home Lighting Survey. There is no cost or obligation for this new service.

CHRISTIAN SCIENCE CHURCH

"Whatsoever things are true, whatsoever things are hones, whatsoever things are just, whatsoever things are pure, whatsoever things are lovely, whatsoever things are of good report; if there be any virtue, and if there be any praise, think on these things." These words from Phillippians comprise the Golden Text to be used Sunday in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ Scientist, in Boston, Mass.

The subject of the Lesson-Sermon will be "Reality." Included among the Scriptural selections will be "I will hear what God the Lord wil speak: for he will speak peace unto his people and to his saints: but let them not turn again to folly." (Ps. 85:8).

The following passages from the Christian Science Textbook, "Science and Health with key to the Scriptures" by Mary Baker Eddy will also be included: "Spiritual sense, contradicting the material senses, involves intuition, hope, faith, understanding, fruition, reality. . . When the real is attained, which is announced by Science, joy is no longer a trembler, nor is hope a cheat . . . Spiritual ideas lead up to their divine origion, God, and to the spiritual ideas lead up to their divine origin, God, and to the spiritual sense of being" (p. 298.)

STEERING TROUBLE

Striking the curb stone while parking, applying the brakes suddenly, thereby twisting front sprnigs, or striking bumps when heavily laden, are some of the causes of difficult steering, according to the reports of a statewide organizatoin. Any of these abouses may affect the front axle alignment.

P. G. & E. RATE LESS THAN SMALL COMPANIES

Consumers of electricity in northern and central California communities served by the Pacific Gas and Electric company enjoy an average raet that is less than the national average of either municipally owned or privately owned utilities.

The fact is established by comparative figures released today by Paul M. Downing, general manager of the P. G. and E. The computation is based upon data issued bythe U. S. Census of Electric Utility Industries.

The average rate paid by Pacific Gas and Electric company consumers for all classes of service is 2.2 cents per killowatt hour which is nearly one third less than the 3.1 cents average established by the 1802 municipally owned utilities covered by the federal census report and slightly less than the national average of 2.7 cents per killowatt hour reported by 1627 privately owned systems.

TREAD AIDS BRAKES

Even though brakes may be adjusted properly the car cannot be stopped in the same distance with smooth tires as it can if the car is equipped with tires that have a good non-skid tread.

LOSS OF POWER

When a motor fails to develop its usual power the trouble can often be traced to one of the following causes, according to the Emergency Road Service of the California State Automobile association. Faulty ignition, improper carburetion, valves adjusted improperly, or faulty compression. Any one of these conditions may be related to the other, each contributing to the trouble.

With the aid of the Free Clinic the children on Tortilla Flats

That's the best joke I ever heard you tell.

I'm glad you like it.

I don't.

THE DIALED P. O.

By B.O.B.

There is some pleasure derived in turning the dial of a radio, but the turning of those dials in the new P. O.—comparison is odious.

Owing to the cramped quarters of the NEW P.O. employees save on their pedestrianism back of the dials.

The lower boxes in the NEW P. O. box alley are known at the religious boxes, the dial twisters get down on their knees to open them.

A bank safe dial is easier to manipulate than a NEW P.O. dial.

Some NEW P.O. box renters changed their boxes, thinking they would get a better dial, but they are all alike.

There are all sorts of dials but the NEW P.O. deals are the only complicated ones.

Some people get pointers on stocks, some on races, etc., but those pointers on the NEW P. O. dials are difficult to use.

Those NEW P.O. dials cause all kinds of peculiarities of language.

Has anyone noticed where the letter drops are placed in the NEW P.O.? Wait until the rush comes to get to the parcel post window.

Some NEW P.O. box renters live in hop that key-locks will be substituted for the dials, they have another hope coming.

One important feature P.M.G. Farley's subordinate overlooked, was the Right and Left entrance and exit, respectively to the NEW P. O.

CAL. has always been used as the abbreviation for California. Who was that abbreviator that placed that Oriental compendium over the entrance to the NEWPO?

Has anything good ever come North from the Southern part of the state? They send us culled oranges, uncured lemons, thick skinned grapefruit, dialed P. O. boxes and Upton Sinclair. Let's divide the state.

GOOD TIME WAS HAD BY ALL AT PARTY

Youghta been at the Manzanita card party Wednesday night. Everybody had a swell time. Everybody but me and when diamonds were trumps I held hearts and when hearts were trumps I held diamonds, etc., and then somebody went and had worse luck and I didn't even get the consolation.

The Anthony Brazils were there and so was Russell Giles, both running for office in November and sure to be elected. When they came to decide on the big prize Anthony Brazil and Mr. Giles evidently fixed it up, for the $10. went to Mrs. Brazil. Can you beat that? Regular old "court house bunch" standing together already!

If those Brazils go to many more card parties and they probably will between now and November 6, they will be rich, for Mrs. Brazil is lucky and gets a vase or a sack of potatoes or a handkerchief or something every time she plays. Think of that, won't you?

Bob Leidig made a big announcement that will please a lot of people. He announced another card party just like Wednesday's only bigger for October 10. So you don't want to forget the date.

The lucky guys that got all the cards I didn't and took their choice of the prizes were:

A. A. Matsen, Dr. Beck, Mrs. E. Kelsey, Mrs. Anthony Brazil, Mary Christensen, Susan Rosh, Oh yes, that makes me think! Susan Rosh sat at one table five or six or seven times and couldn't get the big end of a score then started in getting thirteens, and see where she came out! The rest of the prize winners were: Beth Rasmussen, M. M. Dawson, M. E. Derrick, Mrs. M. T. Lewis, Emilie Walter and Messrs. Vinneau and Turove.

A good time was had by all—One who was there!

RAIN FIRST OF WEEK BRIGHTENS THINGS UP

A nice rain the first of the week brightened things up after the long dry summer. Following the storm, the weather has been 100 per cent perfect.

Miss Doris Wishart is spending her vacation with friends and relatives in San Francisco.

He has had post office box No. 24 for 24 years and during all that time H. P. Larouette has paid 60 cents every quarter or 24 dimes a year for its rental. $57.50 rent on a little box that probably cost no more than a dollar, or maybe just 24 cents.

That Carmel will have a full vote out on November 6th seems certain from the interest being shown in registering. Both registering places have been busy this week registering and helping people find out whether they are registered. Those who have not registered by six o'clock this Thursday evening, will be out of luck if they have not voted at the general or primary elections.

Word has been received in Carmel that contrary to previous reports, Gloria Stuart is not taking the lead in Max Rheinhardt's "Midsummer Night's Dream," just finished in Hollywood and now in process of getting ready for San Francisco. Miss Stuart was engaged in maknig a picture and was unbale to take part.

HONOR COURT PROGRAM TO BE DRAMATIZED

The local Scout Troop committee is planning a program for Friday, October 12, which will represent a new departure in Court of Honor programs. The life of a Boy Scout in camp will be dramatized depicting the various situations which arise and the activities of camp life which contribute toward the formation of character and the creation of broader interests in life.

The play will be presented in two acts. The first act to portray the daily activities and routine of the scouts and to depict typical incidents. The second act will stress citizenship, appreciaton and friendship.

Following the short two act play awards and badges of honor will be presented to the Scouts who have attained certain stages of advancement in Scoutcraft. Troops from Pacific Grove, Monterey and Seaside will be in attendance and a large following is expected from each community. Parents of Carmel Scouters are urged to be in attendance and to bring friends. The program is open to the people of Carmel and it is hoped that all people interested in Scout activities make it a point to be present at the Court of Honor Program.

Program at 8:00 p. m. on Friday, October 12. Sunset School auditorium.

NEW BIRD SHOP IS OPENED IN MONTEREY

A lovely new store has been added to Monterey's business section with the coming of the Mission Bird Store, located at 251 Alvarado.

Many kinds of birds make the place most interesting, one of the most beautiful being the Lady Gouldian with its brilliant coloring. We also enjoyed very much seeing the beautiful Kentucky cardinals.

The new proprietors come from San Jose and are pracitcal "bird" men so they know what they are offering to the public. They are justly proud of the line of seeds and other accessories they carry. Visitors to the new sotre are welcome.

Mr. Bishop, an ornithologist who has come to Carmel to secure small birds in the interest of science, is visiting this city for the first time in six years. Mr. Bishop finds a very great change in Carmel and said he missed the many stake fences as much as he did any of the old time "peculiarities" of the place. He and his wife are staying at Pine Inn.

Carmel people were entertained Wednesday during the noon hour by a U. S. Navy dirigible which cruised about over the city and demonstrated how planes could be sent out and returned to the ship. The planes looked very small in comparison with the big dirigible and the two together made an imposing sight.

Walter Beuchting left this week for his home in Santa Barbara after a visit at the home of Dr. Amelia Gates.

Miss Ransom and Miss June Ransom arrived this week from New York to spend six months in Carmel and have taken the Sutliffe cottage. They drove through and had a wonderful trip. Miss Ransom stated that she had waited until the quiet season here as she wanted to get away from all activities for awhile.

CARMEL POST GAINS STATEWIDE PUBLICITY

During the past month Carmel Post 512, American Legion, has earned much favorable comment that has even exceeded the limits of Monterey County. News papers in the bay region have lauded the members of the baby post of the State for the energy and, the whole-hearted and unselfish manner in which they are applying themselves to their present task. That of helping to raise money for the benefit of the Monterey Drum and Bugle corps.

This great effort, one to which at least a dozen hardworking committees have been assigned, is to take place October 6th at the Manzanita club. That is the date which all benedicts and all gay bachelors should mark with a fat and heavy red pencil on their calendars. Under the title, "A Night in a Doghouse," Carmel's own American Legion Post will stage an entertainment on the Peninsula.

Much hush-hush conferring is going on in diverse corners and it is almost impossible to gain advance information of what is really to be presented. The only feature that Commander Jimmy Reagan will drop hints about is a public presentation of slippery elusive Elmer. Elmer, the shadowman, the past master of self effacement, the master schemer of countless escapes from captivity is, so Jimmy Reagan will inform you in a guarded whisper, under lock and key here in Carmel and on October 6th he will be produced in court and judged and sentenced to oblivion for ever and a day.

Legionnaires of the Peninsula are invited to make contact with anyone of the following and secure from them tickets of admission: Jimmy Reagan, Major Landers, Captain Pat Hudgins, Donald Hale, Jack Schroeder, Floyd Mangrum and Fred McIndoi.
